

Tips of the day

1. You have to give the answer quickly to all the questions.
2. Highlight the important points in your answer.
3. Try to solve previous sample papers.
4. Don't waste time and energy by giving lengthy answers.
5. Always answer the questions to the point and within the prescribed limit.
6. Use bullets and numbers.
7. You can underline the answer while reading the passage.
8. Write correct, compact and clear answers.
9. A long question should be answered in at least three paragraphs.
10. Read the full question paper before answering the questions.
